

Camarilla Addendum Appendix Four – Bestiary

This document is to provide standard animals for use in all venues. If a specific animal is not listed, it is Low Approval to use the same (or lower) statistics as another appropriate choice below. For example a Bear is listed below. If an ST wishes to use an American Brown Bear, they may use the statistics listed in the Bear entry, or reduce them (such as smaller size, less Strength) as appropriate for the situation. Animals that do not conform with these **entries or the Monster Manual available on the MST Website** are considered Custom and require Global Approval.
